The logo consists of a stylized castle tower icon inside a square frame, with the text "US Army Corps of Engineers Mobile District" below it.

A circular seal for a professional engineer. The outer ring contains the word "ALABAMA" at the top and "LICENSED" at the bottom. The inner circle has "PROFESSIONAL" at the top and "ENGINEER" at the bottom. At the very center is the number "No. 17105". Above the center, there is a five-pointed star. Below the center, another five-pointed star is partially visible. Handwritten cursive script "David Cooper" is written across the seal.
